Programming experience

Please explain and detail all the experience/knowledge you have in programming (programming language that are mastered, if you attend any specific courses, if you received certificate, what has been used in a profesionnal/academic experience).

You are currently applying for the second year of the MSc DSAI. Please note that **if you only hold a bachelor's degree, your application will be rejected.** To apply directly for the second year, you must have at least an M1. **If you only have a bachelor's degree, please apply for the first year of the MSc.**
Please specify the name of the master's degree you hold or are currently pursuing :

Please specify the highest year of the master's program you have completed : ☐ M1 ☐ M2

The second year of the MSc DSAI is divided into two tracks : Core AI track and AI & Health track. Which one would you prefer to follow ? (description of the tracks are on the website).

☐ Core AI

☐ AI & Health

Attention, selecting a preferred track does not guarantee that it will be available to follow. The MSc DSAI team reserves the right to deny admission to a track if it determines that the necessary prerequisites for following the track are not met.
