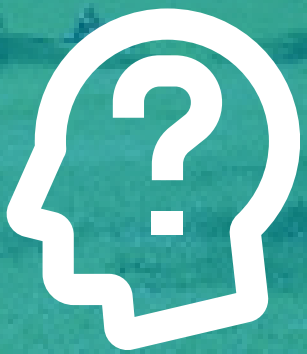
Registration process

- ADUM Registration
- Administrative Registration
- Student Card
- Collaborative tools for your research within the laboratories (Laboratory VPN)

THESIS MONITORING COMMITTEE (CSI)



At least two members:

- one member who is a specialist in the discipline
- one non-specialist member from outside the field of research
- if possible, one member from outside Université Côte d'Azur

PhD programmes

Admission to the thesis defence and the award of the doctoral degree are conditional upon the completion of a 90-hour doctoral training programme, divided into three categories:

- 30 hours of subject-specific or academic training
- 30 hours of professional training
- 30 hours of elective training (subject-specific or academic, or professional)

Welcome Center

The Welcome Centre is the service dedicated to welcoming and supporting international researchers and PhD students at UniCA and its partner institutions.

It advises you on administrative procedures and offers personalised support throughout your stay on the Côte d'Azur.

University Health Center

PBook an appointment on Doctolib with various healthcare professionals:

- General practice
- Psychology
- Sports medicine
- Nutrition
- Social services

Life as a PhD student and involvement in voluntary organisations

Each doctoral school has PhD student representatives who are there to listen to you, pass on your queries and defend your interests.

The AJC06 brings together around forty associations of PhD students and PhD graduates committed to ensuring that a PhD is recognised as a genuine professional experience.
