Academy 3 is launching its consortium call to foster trans-disciplinary research - January 2022

Scope:

It aims to support projects which clearly contribute to one or more of the five Academy 3's topics of interest in relation with UN SDGs (Sustainable Development Goals), in order to ramp up **collaborative and trans-disciplinary approaches** (see https://univ-cotedazur.eu/research-organisations/academies-of-excellence/academy-of-excellence-space-environment-risk-and-resilience/strategy-2021-2024/strategy-2021-2025):

1) Assessing and sensing anthropogenic hazards on human health, environments and global changes

2) Natural hazards (earthquakes, landslides, floods, climatic events, etc.) and impacts on environments, cities and societies

3) Energy- and resource-related environmental challenges

4) Threats on oceans and coastal areas

5) Risk assessment and management in relation to smart cities and territories

Funding:

Project are for a maximum of 3 years, with a reconduction year by year. Maximum budget per year: around 60 k€.

⇨ No PhD nor post Doctorate fellowships but Master and fixed-term contract are acceptable.

Application evaluations:

Projects will be evaluated with two selection phases:

1) In the first phase, proposers are asked to submit a letter of intention describing : the aim of the project, its trans-disciplinary character, its links with listed (above) clusters of Sustainable Development Goals (SDGs), and the consortium of laboratories involved (at least 2 UCA laboratories of different fields are required, but more partners are encouraged).

2) In the second phase, selected projects will be negotiated (structure and allocation) directly with Academy 3's Copil and Scientific Committee. Final selection will then be made.

Calendar:

First phase

- Call Launch: January 21, 2022
- Application submission Deadline: March 13, 2022 (6 pm)
- Application results notification: March 30, 2022

How to apply:

Applications must be submitted by the project PI. Proposals should be uploaded as a single pdf document (named "Academy3_ConsortiumAO22_your name") on the submission site Nuxeo:

https://nuxeo.univ-cotedazur.fr/nuxeo/nxpath/default/Appels%20%C3%A0%20Projets/workspaces/IDEX/D%C3%A9p%C3%B4t%20Manifestations%20d'i/Calls%20of%20IDEX%20academies/Academy%203%3A%20Space,%20enviro/Academy%203%20-%202022%20Consort@view_documents?mainTabId=MAIN_TABS%3Adocuments&tabIds=MAIN_TABS%3Adocuments%2CTREE_EXPLORER%3Anavtree_CONTENT_TREE&conversationId=0NXMAIN

Please also send the pdf document to academie3-copil@listes.univ-cotedazur.fr with the email subject: "Application to Academy 3 Consortium Call 2022".

The pdf document, which cannot exceed 3 pages, must contain:

- Title of the project; name of the UCA PI; consortium of laboratories (at least 2 laboratories of different fields are required)
- **Description of the project and how it contributes to ramp up collaborative and trans-disciplinary approaches (2 pages)**
- Estimation of funding request (1/2 page)
- Presentation of the PI (1/2 page)
