

Unless otherwise specified, all courses are in salle 2 in Dieudonné 1 and that will remain your regular classroom until the end of the year for the Algebra and the Analysis blocs.

Welcome meeting: Thursday September 12th, 2024 at 2pm in salle 2.

The first trimester starts September 16th through November 2024, with exams on the week of December 2.

The 2nd trimester starts the week of December 9th, 2024 through February, with exams to be scheduled on the week of March 3, 2025.

Masters thesis: The students will have found their subject and director by January. Starting with March 2025 the students will work on their mémoire (=masters thesis), and the first defences are mid-June 2025, and can be until September 2025, depending on the future plans of the students.

First trimester:
