ABOUT THIS EVENT

Welcome to the BIP - Digital Innovation & Entrepreneurship. As part of International Digital Week 2026, Université Côte d'Azur is hosting a Blended Intensive Programme (BIP) focused on the role of digital innovation in driving entrepreneurial thinking and fostering new economic opportunities.

In this BIP, you will examine how higher education institutions can support start-ups, promote innovation ecosystems, and collaborate with industry stakeholders. You will analyse digital tools, methodologies, and best practices that empower students, researchers, and innovators to transform ideas into impactful solutions.

INTEGRATING AI INTO ENTREPRENEURSHIP EDUCATION IN PRACTICE (PART 1)

Facilitator | Julia Reinhard, *Innovation hub Manager at Haag Helia University of Applied Sciences*

In this interactive workshop, participants will co-create digital innovation concepts to strengthen entrepreneurship education in higher education institutions. Using a structured co-creation process, they will tackle real challenges, generate bold ideas, and shape them into actionable solutions. Along the way, participants will learn practical service design methods and facilitation techniques. These can be directly applied to design and run innovation processes in their own institutions.

11:30 - 12:00

EDTECH SALON

Location | Hall St. Jean d'Angely

Explore innovative tools, share practices, and discuss the impact of emerging technologies on teaching and learning.

14:00 - 15:00

AMIFIT.EU: AI LITERACY FOR SMES

Facilitator | Jochen Dickel, *Scientific Director at Fachhochschule des Mittelstands (FHM)*

This workshop explores how to develop AI literacy for non-technical staff in production and administration. It presents a competence-based model combining practical training, e-learning, and team-based approaches. Participants will examine challenges and opportunities in fostering AI skills beyond technical roles. The session supports confident, reflective, and context-sensitive use of AI in everyday work.

15:00 - 16:00

FROM CAMPUS INNOVATION TO STARTUP GROWTH: LESSONS FROM FIVE EUROPEAN ECOSYSTEMS

Facilitator | Apostolos Altiparmakis, *Project Manager and Co-founder of Syncnify*

This presentation explores how ideas can evolve into scalable startups through the experience of the EU-funded SeedFund project, with examples from France, Poland, Bulgaria, Spain, Greece, and Cyprus. It highlights the role of seed funding, hackathons, mentoring, and university support in helping students and young founders move from experimentation to validation and investment readiness.

FROM IDEAS TO IMPACT: AI AND LIVING LABS IN HIGHER EDUCATION

Facilitators | **Namrata Sethi**, *Project Manager at Haaga Helia University of Applied Sciences*

This workshop explores how educators can use AI as a co-creator to help students turn ideas into impactful solutions. Participants will work with practical frameworks that combine digital tools, collaboration, and real-world problem-solving.

Using a Living Lab approach, they will design learning activities for testing and refinement in real-world settings. The session offers simple, actionable strategies to foster innovation and entrepreneurial thinking in higher education.

11:30 - 13:00

THE 2040 LEAP: REIMAGINING HIGHER EDUCATION THROUGH DIGITAL INNOVATION

Facilitator | **Katja Wirenius**, *Senior Lecturer at Haaga Helia University of Applied Sciences*

Participants step into the future to explore how digital innovation and AI may reshape entrepreneurship, future opportunities across different fields, and the role of higher education in innovative ecosystems. This creative workshop uses future scenarios and rapid design methods to reflect on what actions educators can take today to prepare for these developments.

13:00 - 14:00 LUNCH BREAK

JUNE 25 - THURSDAY

14:00 - 15:00

FROM SAN DIEGO TO TBILISI, TOT TO ECOSYSTEM CHANGE: DIGITALLY-ENABLED ENTREPRENEURSHIP EDUCATION REFORM THROUGH A TRANSATLANTIC UNIVERSITY PARTNERSHIP

Facilitators | Ketevan Darakhvelidze & Avtandil Mgebrishvili. *Ilia State University*

The presentation focuses on transatlantic partnership between Ilia State University and San Diego State University that advanced entrepreneurship education reform in Georgia. Through a blended Train-the-Trainers programme, faculty developed contemporary entrepreneurship teaching methods, experiential learning approaches, and digital pedagogies. The initiative led to the design and pilot of interdisciplinary entrepreneurship and innovation courses, supported by a student bootcamp and start-up ideation pipeline. Beyond curriculum reform, it strengthened both curriculum and co-curricular activities and contributed to student start-up support within the wider innovation ecosystem - Enterprise Education beyond traditional programmes. The case shows how digitally enabled international cooperation can drive sustainable institutional change, academic capacity-building, and innovation-oriented education in transition contexts.

15:00 - 16:00

DIGITAL TOOLS FOR ENTREPRENEURSHIP & CHALLENGE-BASED LEARNING AND INNOVATION ECOSYSTEMS

Facilitator | Jeisson Higuera, Lecturer of Economics and Business & Juan Luis Blanco Guzman, Lecturer and Researcher, Department of Financial Economics and Operations Management at *Universidad de Sevilla*.

In this workshop, you will explore how AI tools and challenge-based learning can support entrepreneurship-oriented education in business and tourism. Drawing on two Erasmus+ Blended Intensive Programmes coordinated at the University of Seville, we will share practical examples of student projects, learning dynamics, and innovation challenges. The session will focus on how international and applied learning environments help students develop digital, entrepreneurial, and collaborative skills. We also hope to open a discussion on how these approaches can be transferred to other university contexts.

JUNE 26 - FRIDAY

10:00 - 12:30

CLOSURE SESSION - IDW EVALUATION & LINKEDIN GROUP

As we conclude our International Digital Week, this final session serves as our collaborative debrief. We encourage you to give us your feedback and we thank you for your dedicated participation.
