CREATIVE MUSIC AND SOUND DESIGN FOR VISUAL MEDIA SCORING

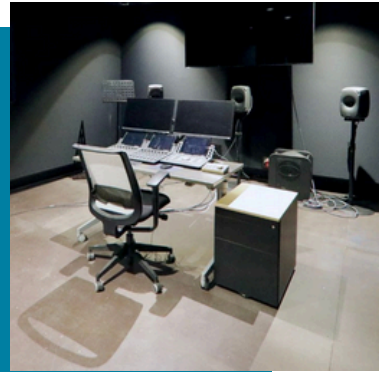

"Writing music for pictures is an inspiring and exciting job that lets your ideas and emotions flow freely. But it is at the same time a very demanding activity, which requires a very precise technical know-how and skills. This MSc offers a national and international advanced education of excellence that will develop your crafts and art of composing, orchestrating, editing and mixing music for the screen."

Jean-François Trubert, Program Director
