Master of Science

MANAGEMENT OF THE FLAVOR & FRAGRANCE INDUSTRY

The goal of this program is to cultivate forward-thinking professionals who will drive innovation in the flavor and fragrance industry, blending science, sustainability, and creativity.

Located in the heart of the French Riviera, this program immerses students in a unique learning environment where they gain hands-on experience in one of the world's most vibrant aromatic regions.

We aim to equip students not only with deep scientific knowledge but also with business acumen, preparing them to lead in an industry that is increasingly embracing green trends, transparency, and technological advancements. Through a holistic curriculum that combines the science of aromas with management, marketing, and regulation, our program opens doors to dynamic career opportunities and global impact.
